

WJT PRODUCT CATALOG

For the Machine Assembled Precision Parts and
Automation Equipment Top-Notch Supplier

GLOBAL TECHNOLOGY

Wide Range of Business Category ranging from manufacturing Spindle (essential for Machine Tool), JIG FIXTURE, Automation Equipment to Renovation and Commission Sales of Goods Top quality, on-time delivery and competitive price for the long-trusted business relationships with entirely Japanese Enterprises Export-dedicated with over 95% of sales in the global market

MITSUI SEIKI
TOKYO JAPAN

We work tirelessly toward a company where everyone feels happy.

WJT, specialized in exports to entirely Japanese firms in Japan, U.S UK and China, machines key precision parts such as spindles used for Machine Tools, Semiconductor Equipment and Exclusive-use Machines.

In cooperation with business partners and the long-time highly-skilled staff in the industry, WJT has strived for a top-notch technology to machine/ assemble Precision Parts which contributes to customers' satisfaction and trusts. The long-term successful business track-record with Japanese enterprises is the outcome of WJT's hard efforts toward high quality, on-time delivery and competitive price.

WJT makes all-out efforts to achieve the dream **Technology for Precision Machining** to go beyond Micron toward Nano and turn the resource-poor country into '**Export-dedicated Korea**'.

Your supports will encourage WJT to take a big step toward a successful future.

WJT Co., Ltd.
CEO IL-DEOK JEON

Overview

Company	WJT Co., Ltd.
CEO	IL-DEOK JEON
Established	Woojin Tech Nov. 1, 2011 (Daemyeong-dong, Daegu) Changed into Corporation in July, 2013 (Company name changed into WJT Co., Ltd.)
Head Office (Factory)	78, Seongseo4chacheomdan-ro, Dalseo-gu, Daegu, Rep. of KOREA Land Area: 1,917m ² , Building: 1,603m ²
Tel.	+82 53-568-2410
Fax.	+82 53-289-2410
Item	Precision Parts (Machining/Assembly) for Machine Tool, Semiconductor Equipment and Exclusive-use Machine, etc. Manufacturing of all sorts of JIG FIXTURE, Manufacturing of all sorts of automation Equipment such as Gantry Loader, Renovations Commission Sales of all sorts of Goods, etc.
Major Business Partners	Entirely Japanese Firms (Over 95% in Export) Currently in Business with 12 Firms including YAMAZAKI MAZAK CORP.

History

Manufacturing Precision Parts

Manufacturing Precision Machine Parts

The advanced technology of manufacturing Micron Precision Parts for the Machine Tool Spindle

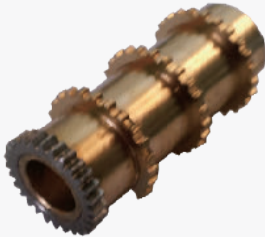

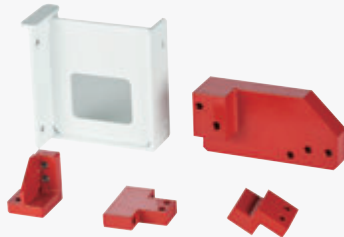

Manufacturing a variety of Precision Machine Parts including Machine Tools, Semiconductor-manufacturing Equipment and Exclusive-use Machines (Work Capacity: Lathe: $\Phi 1,200\text{mm}(\text{max})$, Four-cornered products $1,200\text{mm} \times 1,200\text{mm}(\text{max})$) Able to work on SC, SS, SCM, SUS, AL, FC, FCD, Hard Metal, CERAMIC (regardless of Material), manufacture Cover for Machine Tools (SPLASH GUARD ASSY), Grinding (External/Internal Diameter, Plane), Heat Treatments, Surface Treatments, Multi-products and Small-sized Production

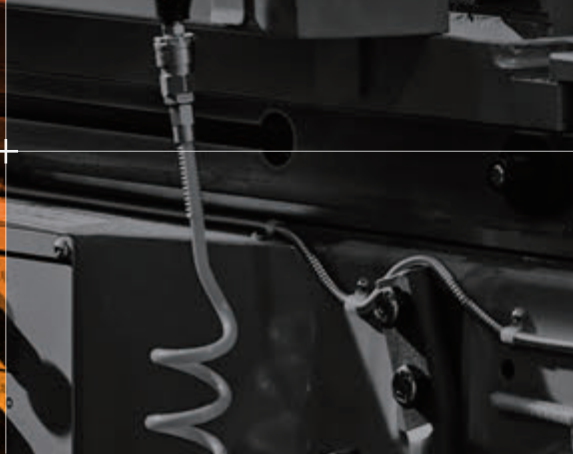

PRODUCT LIST

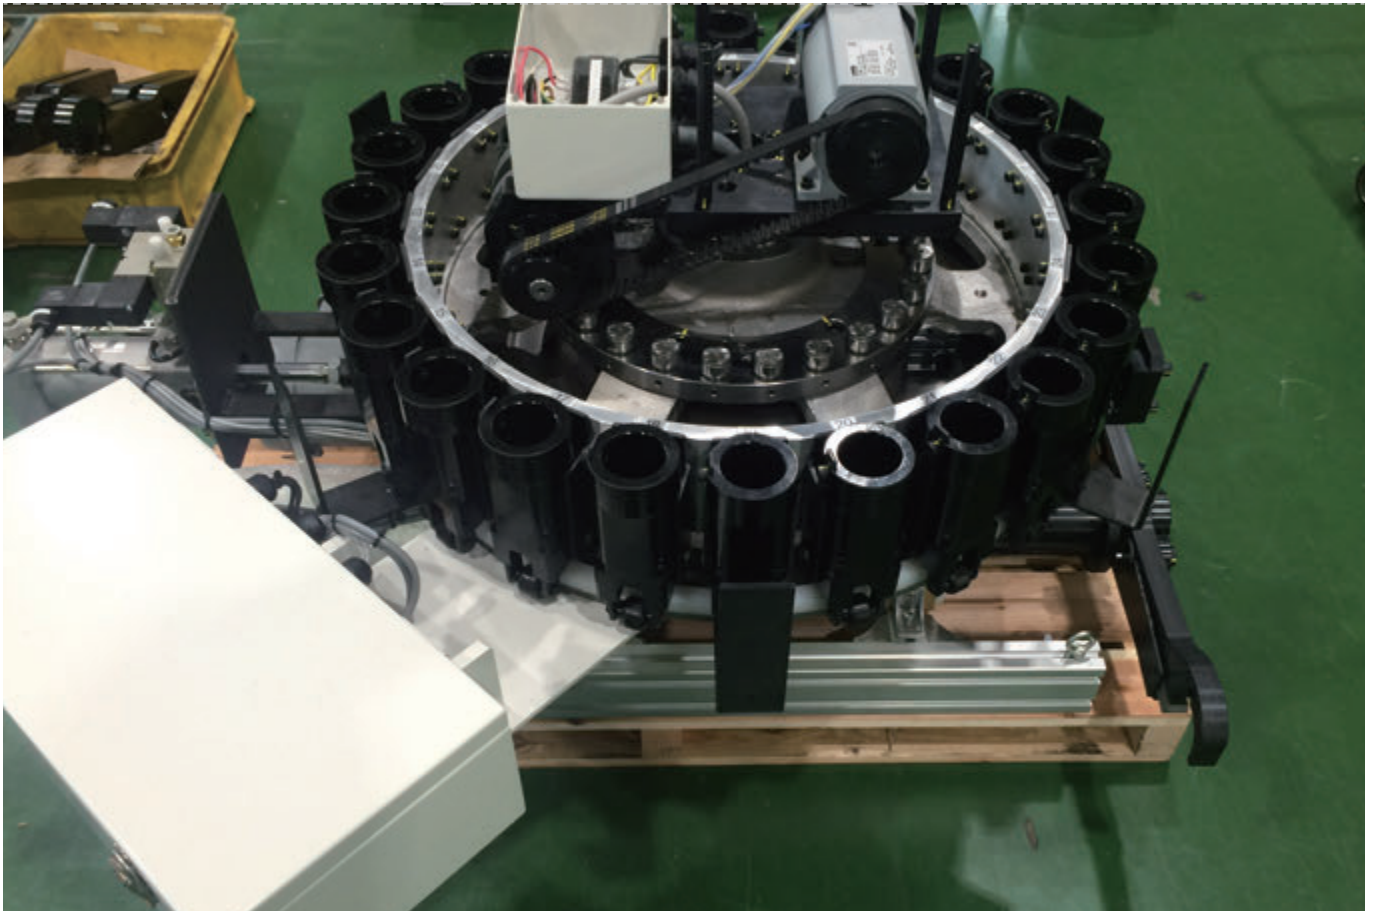

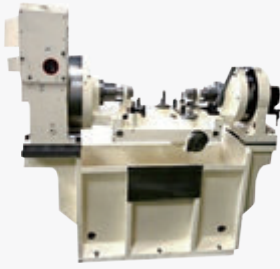

Sub Assy

Assembly Technology based on Precision Machining

Precision Parts-Machining Technology for Part Assembly of Machine Tools and JIG FIXTURE of Exclusive-use Machines

Manufacturing SUB ASSY (Rests, APC, ATC for Machine Tools), JIG, Machining/ Assembling Exclusive-use Line Products
Customized products to meet a variety of Customers Needs

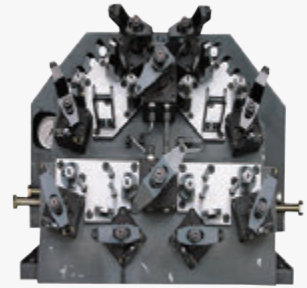

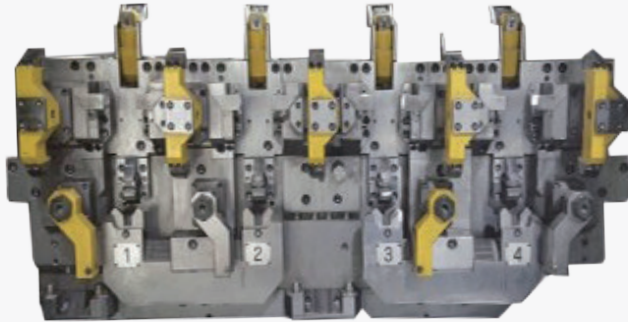

Tiling index for Cyl-Block

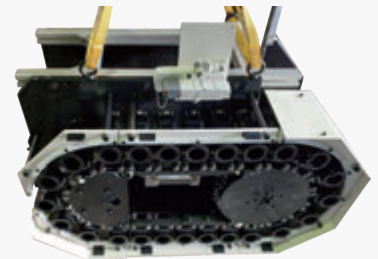

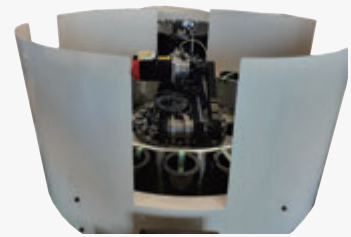

Caliper Carrier

Caliper housing

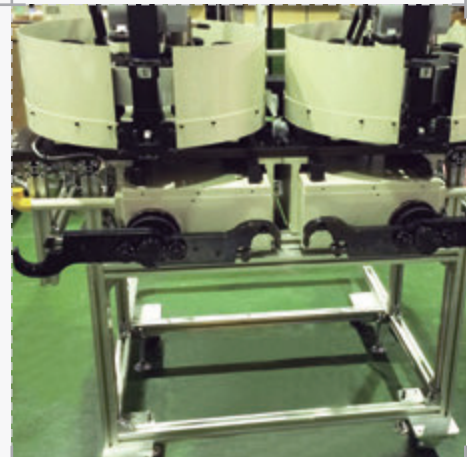

Connecting Rod

Sub Assy(Anti-Vibration Tool)

BTm DIN Drum Type (24T, 30T)

Products for Purchase

All the Products essential to manufacture Machine Tools

Top-notch Quality proven from long-time exports to Japan

All the Products essential to manufacture Machine Tools

Top-notch Quality proven from long-time exports to Japan

Japanese Machine Tool Maker's long-time products which reflect sales performance in the field

Products essential to manufacture Machine Tools including Bellows(Slide Cover), High Pressure Nipple, Pumps, Wiper, Brush, Safety Glass, Lubrication-Related Parts, Hydraulic System, Coolant Tank & Chip Conveyor, All sorts of Valves, Hoses

PRODUCT LIST

OIL PUMP

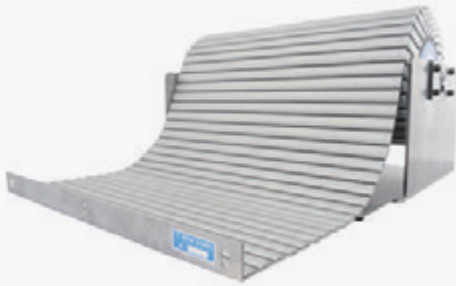

HYD UNIT

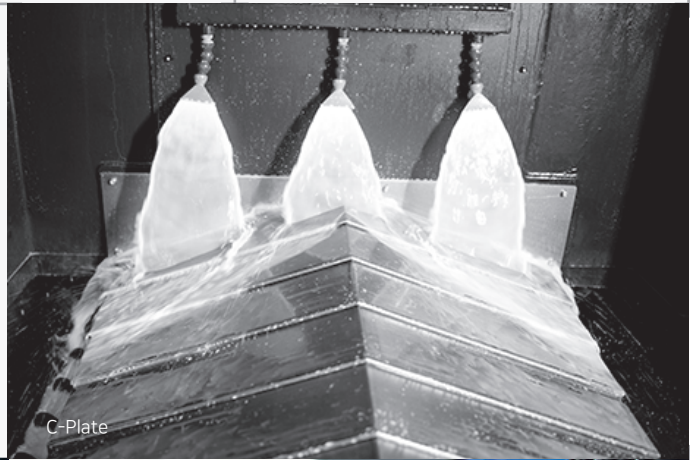

COOLANT PUMP

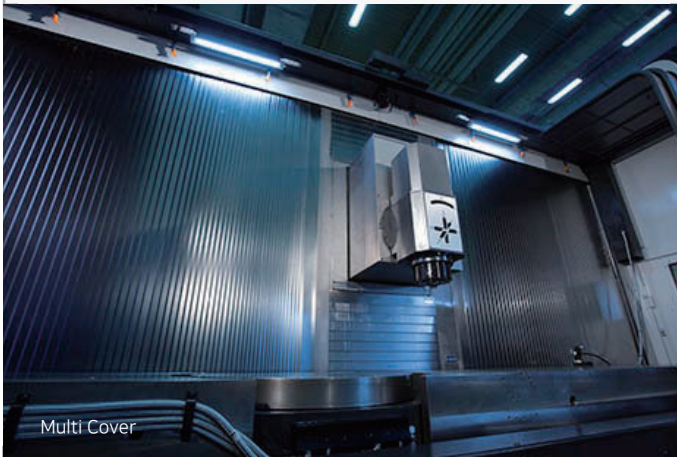

ROTOR PUMP

APRON COVER

C-Plate

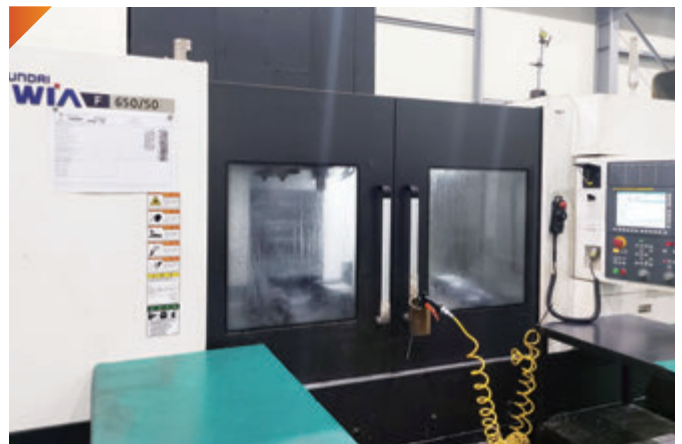

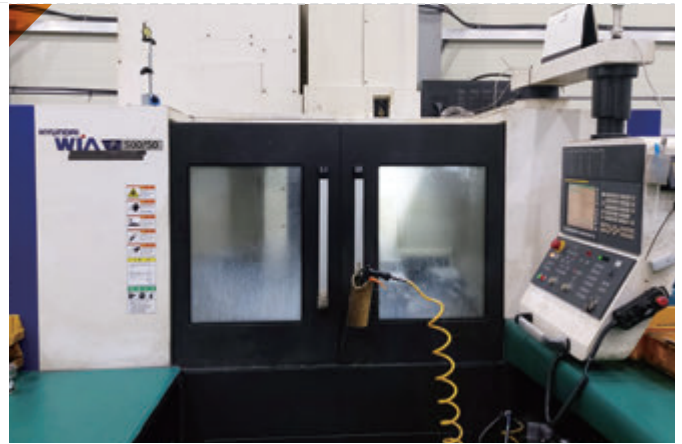

Multi Cover

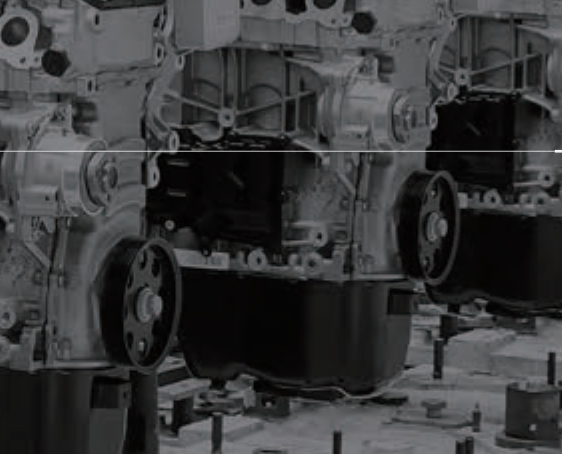

Bellows

Equipment

Model	Specification (Manufacture Range)	Set	Maker
Machining Center(Vertical)	1350 X 650	3	WIA
Machining Center(Vertical)	1050 X 520	2	WIA
CNC Lathe	CNC 6" (Φ150 × 300)	1	MAZAK
CNC Lathe	CNC 8" (Φ205 × 300)	1	MAZAK
CNC Lathe	CNC 10" (Φ300 × 1,000)	1	DOOSAN
Surface Grinder	600 × 1,500 × 520	1	GREAT
Surface Grinder	600 × 2,000 × 520	1	GREAT
Surface Grinder	800 × 2,000 × 520	1	GREAT

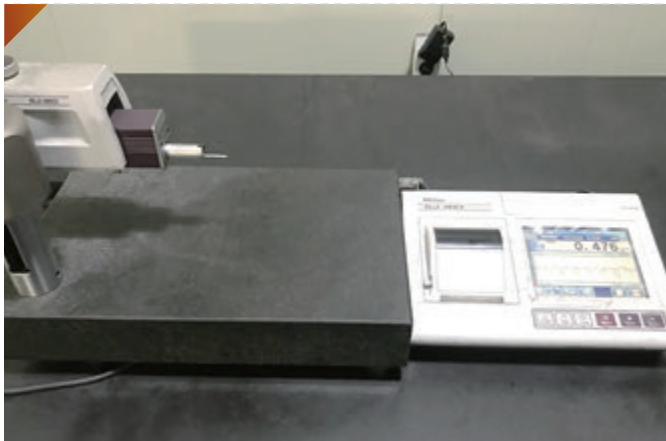

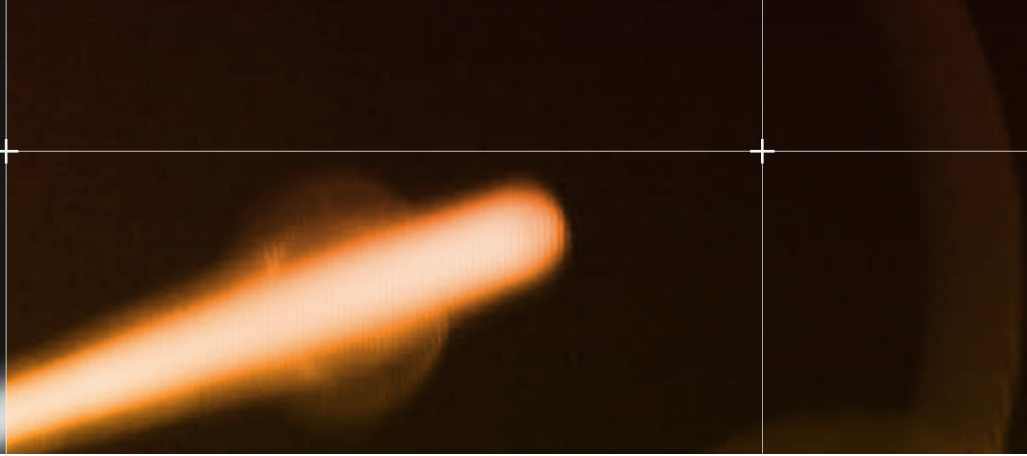

Model	Specification (Manufacture Range)	Set	Maker
Cylindrical Grinder	Φ340 × 1,000	1	TIC
JIG Boring Machine (Vertical)	760 × 1,020 × 800 (Quill 250mm)	1	MITSUI SEIKI
Vacuum Package Machine	For 1 Cavity and 2 Cavity (1set/each) (For Rust-proofing & shipment)	1	DAEWON
Forklift	1 ton	1	MITSUBISHI
Crane	1 ton (Measurement Room), 2.8 ton (Field use)		Made in Korea
Constant Temperature and Humidity Machine	265m ³ (Measurement Room)	1	Century

Measuring Instrument

Model	Specification	Set	Maker
3D Measuring Instrument	900 × 1,600 × 600	1	MITUTOYO
2D Measuring Instrument	0 ~ 610 mm	1	TRIMOS
Hardness Tester	810-299-10	1	MITUTOYO
Bench Center	80771	1	OMEGA
Granite Plate	1,000 × 750	1	JUNGWON
Granite Plate	1,500 × 2,000	1	MIKRD
Surface roughness measuring device	SJ-310	1	MITUTOYO
Screw Gauge	Various	1	JPG
Pin Gauge	Various	1	SELF MANUFACTURED
PT Plug Gauge	Various	1	OJIYAS

Model	Specification	Set	Maker
Micro Meter (Depth)	3 Types	1	MITUTOYO
Inside Caliper	2 Types	1	MITUTOYO
External Diameter Micrometer (Digital)	3 Types	1	MITUTOYO
Ring Gauge	Various	1	SELF MANUFACTURED
Bore Gauge	3 Types	1	MITUTOYO
Block Gauge (Level 0)	516-942Z-10 (103 Types)	1	MITUTOYO
Blade Micro	4 Types	1	MITUTOYO
Cylinder Gauge	7 Types	1	MITUTOYO
External Diameter Micrometer	10 Types	1	MITUTOYO
Indicator	3 Types	1	MITUTOYO

Manufacturing Parts of Machine Tools, Exclusive-use Machines
and Semiconductor-manufacturing Equipment, as well as SUB ASSY
Steel Products, JIG FIXTURE, ATC·APC, COVER

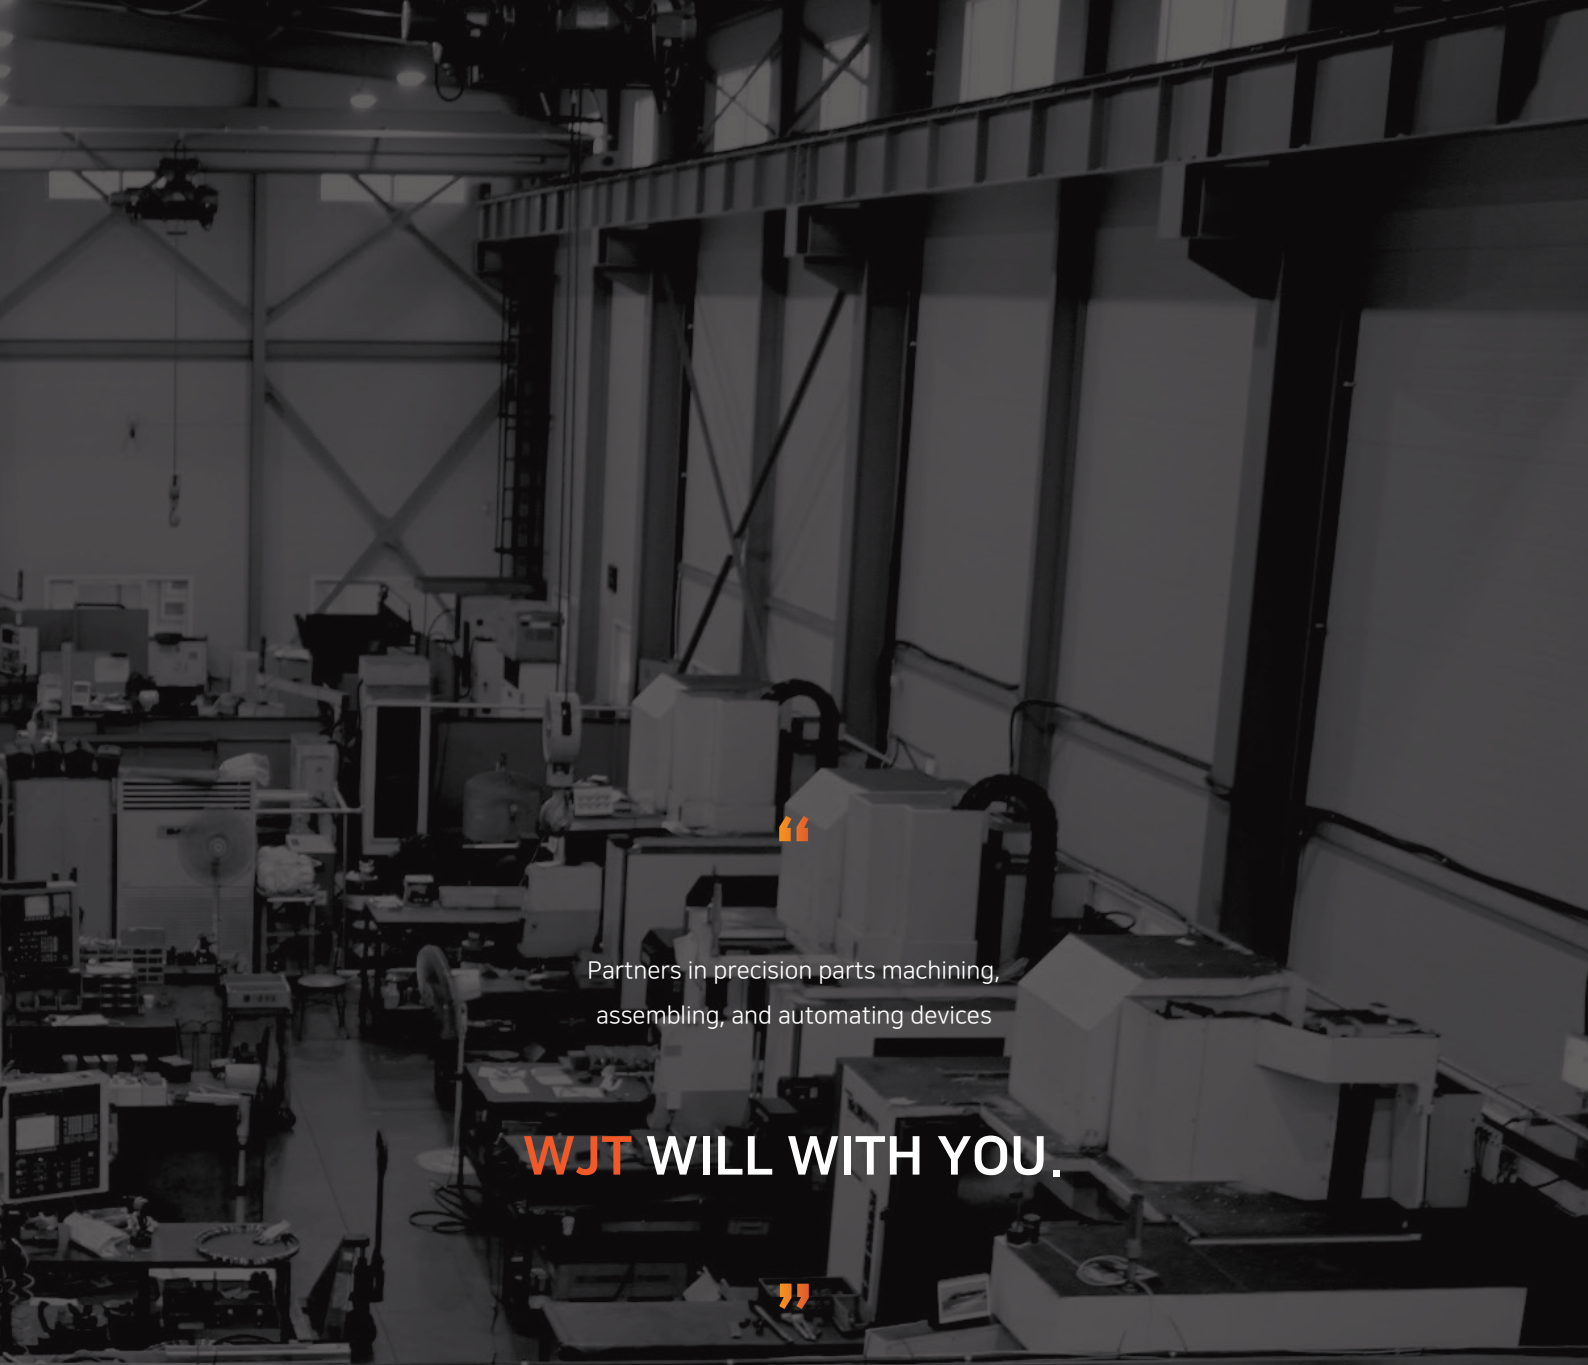

Commission Sales / Production (Design, Manufacture)
of Accessories for machine tool

- HYD. UNIT
 - COOLANT TANK & COOLANT SYSTEM
 - SLIDE COVER (ZEBRA)
 - CHIP CONVEYOR
 - Hydraulic · Lubricating System
 - Manufacture of ELECTRIC CONTROL PANEL
- ※ Integrated Production System from designing to manufacturing entire items
-

Commission sales of various goods on Machine Tools, including VALVE,
HYDRAULIC FITTING, OIL PUMP, COOLANT PUMP, WIPER, BRUSH,
LOCK NUT, etc.

Commission Sales/ Manufacture (Design, Manufacture) of Accessories
for Exclusive-use Machines

- Washing Machine, Rust-preventive Machine, Automation Equipment
- Gantry Loader System
